# Safer Internet Day 2018

## Activity for schools – Make a friend challenge

The theme for this year's Safer Internet Day is 'Create, connect and share respect – A better internet starts with you'. We've put together this activity for you to do with your students at the start of the new school year to celebrate Safer Internet Day in 2018. We've included two versions of the exercise depending on your school's policy around social media use.

### Non-open web-based social posting option:

**Step 1:**  
Chat to someone new in your class, make a new friend or connect with an old friend.

**Step 2:**  
Take a selfie with your new friend together using your device, or classroom devices.

**Step 3:**  
Email this selfie to your teacher or upload to your school docs/sites with something you learnt about your friend.

**Step 4:**  
Your teacher will print these off and create a display of all the images and quotes to celebrate.

### Social media posting option:

**Step 1:**  
Chat to someone new in your class, make a new friend or connect with an old friend.

**Step 2:**  
Take a selfie together using your device, or classroom devices.

**Step 3:**  
Post the selfie to your social media page with something you learnt about your friend and use the hashtag #SID2018.
